<b>Fire Risk Management</b> Fire risk management is an integral part of the City's overall risk management exposure and should be subject to the risk assessment and evaluation review process as conducted by representatives from all City departments.					
Dispatch has either been transferred to another agency or detailed training, data and communication management, and technology are used to prevent dispatch error.					
The department has a written policy clearly defining if and how emergency response (Code 3) driving is permitted and executed.					
The department has equipment, procedures, and training in place to address equipment/gear that may not be enclosed or secure and may fall from the apparatus.
